

EECS 207  
Spring 2021

Lecture 20

# Project

- Content Based Image Retrieval
- Individual effort—no teams.
- Project report due: Friday, May 14
- No presentation.
- I will provide support code in Python and Matlab.
- Details to follow.

# Lab Section

- I'm going to start using the lab section for the course project.
- Wednesdays 10:30am-1:20pm.
- I will try record the sessions for those who are unable to make them.
- Starts tomorrow Wednesday, April 7.
- See CatCourses or my announcement for the Zoom information.
- NOTE: We might not meet every Wednesday or for the full time. I'll let you know.
